

Cutter Lee

Hard.

Hard livin' and hard lovin'.

No other word in the English language best describes the singer/songwriter known as Cutter Lee than "hard".

So it is only appropriate that this rugged Texan's unique blend of Rock, Country, Gospel and Blues has been christened "Hard Country" by his fans, offering a revealing insight into the man and his music.

His spirit tempered in the forge of life's adversity, strengthened by overcoming years of abuse and addiction, rescued from the demons of his own personal hell and redeemed by the Grace of Almighty God, Cutter Lee stands as a testament to survival, determination and silent perseverance.

He has gambled it all, and lost. Been beaten, battered and broken, and always quietly picked up the shattered remains and built again. Asking nothing, giving everything, he chooses to MAKE history, not dwell on it.

With raw, heartfelt vocals, simple, honest melodies and an absolutely riveting stage presence, Cutter Lee BLEEDS himself onto an audience. Uniquely able to convey his joy, sorrow, pain and triumph through his words and music, he connects with listeners on a spiritual level, taking them on a journey of the human soul and leaving them with a newfound sense of self discovery and introspection, and always wanting MORE.

You'll laugh and you'll cry. You'll be angered and be humbled. You will be inspired and be ashamed.

But you will BELIEVE.
