

## **Pat Currin**

### Oakland As

Since his call-up to Stockton from Kane County, Currin has been nearly untouchable. After allowing four earned runs in his first outing – which came after traveling cross-country that day to join the ball club, he has allowed just earned run in 15 appearances since. The Durham, NC native pitched a scoreless inning in Saturday night's 10-5 loss to Visalia, marking the ninth straight appearance that he has held the opposition scoreless. He has recorded four saves and struck out 14 and walked three during those 13 scoreless innings of work. He has held the opposition to a .154 batting average since his late April call-up.
